Positive Behavior Intervention Supports:
Adelanto High School provides a positive school environment in which all students have an opportunity to participate in high-level academic programs, quality athletics, and engaging activities.

Overview:
School-wide implementation of Positive Behavior Interventions and Supports (PBIS) at Adelanto High School focuses on creating and sustaining school-wide, classroom, and individual systems of support that improve the educational environment for all children. Our aim is to explicitly teach behavioral expectations and then recognize the positive behaviors shown by students. By implementing PBIS, we hope to reduce school and classroom behavior disruptions and educate all students about acceptable school behaviors. Our PBIS implementation plan includes clearly defined outcomes, research-validated practices, supportive administrative systems, and information for problem solving behaviors.

HERO points:
By improving the school environment, we hope to increase learning time and promote academic and social success for every student. For this reason AHS has implemented a tier 1 system to recognize and reward students who meet and exceed expected behaviors, this is referred to as the HERO program. Staff members are given access to HERO points, at their discretion they can give students digital points to students who have met or exceeded AHS expected behaviors. HERO points can be redeemed at the Student Store for AHS swag, school supplies, and much more!

Behavior Interventions:
Adelanto High School recognizes the importance to address and support the whole child for this reason AHS provides a variety of behavior interventions to support students in addressing their behaviors.

Private vehicle morning drop off and afternoon pick up will be via the old bus loop in front of the softball field off Racoon Avenue. Access to Joshua during these hours will be restricted to buses and students with parking passes.

Please note that the back dirt road access to Joshua will also be restricted to avoid congestion with bus traffic.

All students are expected to carry a Student Planner. Student Agendas/Planners are free, and issued to every student upon entry to AHS. Student Agendas/Planners assist students with annotating class assignments, calendar projects, list daily homework and as a communication tool between students, parents and AHS teachers. Replacement planners are a $5 donation to ASB General.

**Code of Classroom Etiquette:**
At AHS, the primary focus is on learning. Any behaviors that prevent classmates from our mission will be reviewed and discussed with all parties involved. As a diverse community of learners, students must strive to work together in a setting of civility, tolerance, and respect for each other in an environment that does not distract from the mutual commitment to academic inquiry and reflection. To that end, the following code of classroom etiquette has been established.

- When participating in class dialogue, no one monopolizes discussions to the exclusion of others, either in terms of time or opinions expressed.
- Conflicting opinions among members of a class are respected and responded to in a professional manner.
- No side conversations or other distracting behaviors are engaged in during class discussions or presentations.

Attendance

Attendance Office- (760) 246-3909  Extension 39200 or 39201

Positive attendance is important to success in school. Academic research shows that there is a direct correlation between daily school attendance and student achievement; therefore, we strongly encourage parents/guardians to make every effort to send your child to school on time, on a daily basis. Children between the ages of 6-18 are required by California State law to attend school full-time and AHS is committed to working with families and community agencies to ensure students are maintaining proper attendance.

- If you find it necessary to keep your student out of school for any reason other than an illness, we encourage you to send your student to school for at least a part of the day so that your student will not miss out on important school assignments and adversely affect student attendance.
- If you must take your child home early, it must be done before the last hour of the day.
- In accordance with state law, absences must be cleared within 3 days of the absence
- You can call the attendance office, or send a note with your student to deliver to the attendance office explaining the reason for your student’s absence.

Tardiness/Truancy

- Teachers plan instruction in their class from bell to bell. Students coming in late are a disruption to the education of the other students, as well as an interruption in teacher instruction.
- Students arriving to school twenty minutes after first period begins will not be permitted to interrupt class. These students will be signed in and held in an alternate location and then released to second period.
- As directed by administration students tardy to class will be sent to a On Campus Intervention class.
- Continual tardiness will result in disciplinary action, as determined by administration.
- Any student who is absent from school without a valid excuse for more than three days is considered truant and will be referred to appropriate administration/staff for parent conference, student conference and/or referral to the Student Attendance Review Board (SARB).

Confidential Medical Services
E.C. §46010.1; BP 5145.6 - School authorities may excuse any pupil, 12 years of age or older from the school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. The board has determined that students in this district shall not be dismissed for confidential medical purposes without parental knowledge or consent.

Student Attendance Review Board (SARB) E.C. 48260.5; Article 6 Chp. 2 of Part 27; E.C. 48264; VC 13202.7
California Law requires that all students between the age of 6 and 18 years must attend school unless that student has graduated from high school or has received a GED. A student is considered Truant if they are absent from school without valid excuse 3 full days in one school year or tardy or absent for more than any 30 minute period during the school day. The District SARB is an organization that reviews student cases of excessive absences in school attendance and has legal authority to make recommendations for improvement and direct the County Sheriff’s Department to issue citations. This record does not clear and start over each year.

Late Start/Minimum Day and Pupil-free Staff Development Days
E.C. §48980(c); BP 6111 - Notification of district scheduled minimum days and pupil-free staff development days can be found on the district calendar.

- A pupil absent from school for excused absences shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. No student shall have his/her grade reduced or lose academic credit for any absences under this section. The teacher of any class from which a student is absent shall be the one to determine which tests and assignments are reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

Pupils with Temporary Disabilities
E.C. §48206; §48207; §48208; §48980 (a) and (b); BP5145.6; AR 5111.1; §6113 - A pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the school district in which the pupil’s parent or guardian resides, shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. Individual instruction is available when a student becomes temporarily disabled (3 weeks or longer). Districts shall annually notify parents of their responsibility to notify the district of the presence of pupils with temporary disabilities in qualifying hospitals. It is the parent/guardian’s responsibility to notify the district in which the student is receiving care. The parent/guardian shall present to the home school a physician’s written description of the disabling condition. The physician shall have determined that the student is unable to attend school and will not expose the home teacher to any contagious diseases that can be transmitted by casual contact.
Curriculum & Instruction

Course Syllabus:
Syllabi at AHS serve as both a learning tool and contract between students, parents and staff.

**Syllabus as a contract** - Makes clear what the rules are
- Sets forth what is expected to happen during the semester
- Delineates the responsibilities of students and of the teacher
- Describes appropriate procedures and course policies:
  - Curriculum calendar
  - Grading policies: components and weights
  - Attendance policy
  - Late assignment policy, policies on in completes and revisions
  - Academic dishonesty
  - Behavior expectations
  - Required texts and other materials
  - Course objectives (linked to Common Core State Standards, CCSS or NGSS)

**Syllabus as a learning tool** - Helps students become more effective learners in the course
- Inform students of the teacher’s beliefs about teaching, learning, and the content area
- Focuses on students objectives and learning outcomes
- Information on how to plan for the semester including time management skills
- Availability of teacher for assistance and after-school tutoring information (subject to change based on teacher availability).
- Resources for assistance
- Other course related information

Advanced Placement (AP)
The Advanced Placement (AP) curriculum consists of standardized high school courses that are equivalent to undergraduate college courses. After completing an AP class, students are expected to take the AP exam in that subject, which can earn students credits and accelerated placement in college. Due to the rigor of Advanced Placement courses it is imperative that great consideration be given prior to enrolling into these courses. Students enrolled in an AP course should expect approximately 4 hours of work per each AP class. Students should be committed to putting forth their greatest effort for an entire year, not just a quarter or a semester. Students are expected to take the AP exam for the course they are enrolled in or else take an alternative final exam.

Why should students at Adelanto High School take an Advanced Placement class?
- To be challenged. Advanced Placement classes are rigorous and demanding, offering intellectual stimulation.
- To improve college admissions chances. Advanced Placement classes can raise the “wow” factor of a student’s high school record. If a student does well in an AP class, it’s a signal to admissions counselors that he or she is ready for the pressures of college study.
- To arrive at college better prepared. Advanced Placement classes can sharpen students’ writing skills, teach them how to think critically, and improve their problem-solving abilities. Advanced Placement students can learn to navigate the academic expectations they’ll encounter in college courses.
Comprehensive Curriculum

1. AHS teachers and staff are committed to providing a high standard of education through the use of comprehensive curriculum. They are committed to preparing students to be self-motivated, competent, critically-thinking, life-long learners equipped to handle the demands of being successful in the 21st century. Through the use of curriculum aligned to CCSS, CSS, NGSS, rigorous instruction includes high expectations, active learning experiences, challenging tasks, meaningful assessments with scaffolding and supports to meet students at their level of academic readiness. For specific expectations and guidelines please refer to the course syllabi provided by your student’s teachers.

2. Students of AHS are encouraged to pursue a rigorous course of study to be equipped for a life beyond high school. Please see counseling web page for details about four-year plans, A-G requirements, and Common Core standards. Foster students or students on probation may have different graduation requirements- please see your counselor.

3. To assist students in meeting their educational needs. AHS offers: Advanced Placement, Honors course, concurrent enrollment and after school tutoring classes.

Career Technical Education (CTE) Courses:

Adelanto High School offers CTE courses to help students make a smooth transition into colleges and universities, provide career technical education and support services while at the same time preparing graduates to successfully compete in the global community

1. Information and Communication Technologies
2. Health Science and Medical Technology
3. Education, Child Development, and Family Services
4. Arts, Media, and Entertainment
5. Engineering and Architecture
6. Manufacturing and Product Development
7. Hospitality, Tourism, and Recreation
8. Fundamentals of Law
9. Automotive Systems
Curriculum & Instruction

- To earn college credit. Advanced Placement exams are scored on a scale of 1 (lowest) through 5 (highest). If a student earns a 3 or higher, he or she can receive course credits, advanced placement, or both upon arriving at college. Advanced Placement policies vary from school to school, but the most of the colleges in the U.S. grant credit and/or accelerated placement for AP exams.
- To win scholarships. Advanced Placement courses and exam scores can help students qualify for scholarships.

Students who wish to drop an AP course within the first 2 weeks of a semester are to speak to teacher first. If after speaking with teacher, a student still wishes to drop an AP course they will need to speak with an administrator to receive the proper form. Upon receiving the form, which must be completed by parent: a parent, student and administrator meeting will be scheduled to make a determination.

Concurrent Enrollment

E.C. §48800, BP6147 - The governing board of a school district may authorize pupils, upon recommendation of the principal or counselor of the pupil’s school of attendance, and with parental consent, to attend a community college during any session or term as special part-time or full-time students and to undertake one or more courses of instruction offered at a community college level. Counselors can assist in completing paperwork for qualified students. District Policy

Technology Education Student Use and Access

- The Governing Board recognizes the educational value of electronic educational resources and also enables students to practice skills and to develop reasoning and problem-solving abilities. In addition, electronic resources foster workplace skills that may be transferable to new technologies. Every effort shall be made to provide access to technology throughout the district's schools and classrooms. The Board intends that the Internet and other on-line resources provided by the district be used to support the instructional program and further student learning.
- Access to computers and people all over the world also comes with the availability of material that may not be considered to be of educational value in the context of the school setting. The Superintendent will take appropriate precautions to ensure that students receive training in user obligations and responsibilities, and that students and parents understand the policies governing the access of controversial materials.
- Because the Internet contains an unregulated collection of resources, the district cannot guarantee the accuracy of the information or the appropriateness of any material that a student may encounter. Therefore, before using the district's on-line resources, each student and his/her parent/guardian shall sign and return an Acceptable Use Policy (AUP). This agreement shall specify user obligations and responsibilities and shall indemnify the district for any damages.
- The student and parent/guardian shall indicate that the student understands and agrees to abide by specified user obligations and responsibilities. The parent/guardian shall agree not to hold the district responsible for materials acquired by the student on the system, for violations of copyright restrictions, student mistakes or negligence, and/or any costs incurred by the student. School sites will update and maintain Acceptable Use Policy (AUP) for student access to Internet resources. Users have no expectation of privacy and understand that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by these regulations shall be subject to disciplinary action, revocation of the user account, and legal action as appropriate.

Web Authorization - In an effort to provide information about our district and schools, there is a possibility that your student(s) name and/or picture may be included at some point on our web pages. The District does follow Internet safety rules and never displays a child’s name and picture together. School web pages are public documents welcoming the outside world to the school. Guidelines for school web pages have been established by the district’s Instructural Technology Department. They must support the educational aims of the district and must be appropriate for anyone in the world to access. In producing web pages the following goals are considered: 1. introducing external visitors to the school and its program. 2. Linking internal users to good outside information resources. 3. Celebrating the achievements of our students. If you do not wish to have your child’s name or picture included on a school web page please submit your objection in writing to your student’s school.

Transportation

The California Education Code permits the transportation of students to and from school and school related activities aboard district owned and operated school buses, or by other means prescribed by law. With the approval of the County Superintendent of Schools, the VVUHSD Board of Trustees may provide for the transportation of students provided that the necessary resources are available.

Resources permitting, and on a limited basis, transportation service shall be determined using the following criteria:

- Students are only eligible for transportation service if they reside within the established attendance boundaries for the school in which they are enrolled, and students must reside at a distance greater than three and half (3 1/2) miles from any school that does not offer education beyond the eighth grade. For schools offering education beyond eighth grade, students must reside at a distance greater than three (3) miles.
- Please note that distances specified are minimums. The District reserves the right to increase or decrease the minimum distances based upon available resources. Distances are measured following publicly owned and maintained paved thoroughfares. Proof of residency may be required.

Transportation and Passenger Safety

E.C. §39831.3; §39831.5; B.P. §3543; AR §3543 – The District’s Transportation Safety Plan is available for review at all school sites and district Business Services office. The Plan requires safety regulations be provided to all new students.

Ridership Information

It is the goal of the Transportation Services Department (TSD) to provide the safest, most efficient, timely and professional transportation service possible to every eligible student bus rider. With this in mind, the District Administration and the Board of Trustees have established policies and procedures in accordance with California law and regulations to ensure the safety of all students transported aboard school buses to and from school and school related activities.

Bus Evacuation Drills

TSD Staff conducts bus evacuations drills once each school year for all regular and special education students riding from home to school aboard district school buses. These drills are customarily conducted at the school when the students arrive in the morning. Mats and other protective measures are employed during these drills to enhance student safety during such exercises. The safety of all bus riders is greatly served through the practice of these evacuation drills.
Transportation

School Bus Discipline Procedures
The Board of Trustees has adopted specific administrative procedures concerning discipline on school buses. A violation of these rules and/or established laws may result in a loss of bus riding privileges. Student Conduct Reports accumulate throughout the school year and suspensions of riding privileges are based on the number of Student Conduct Reports received, not by the particular offense. These safe riding rules apply at all times when students are waiting for, boarding, riding on, disembarking and departing from any designated bus stop. This includes all athletic and activity trips. School bus drivers will issue students a verbal warning regarding their behavior prior to issuing a Student Conduct Report, provided behavior exhibited is not severe. Severe behavior may result in a Student Conduct Report (SCR) being issued without prior warning. Consequences for violations of the law and of the safe riding rules are as follows:

- 1st SCR – Warning issued to student regarding any continued misconduct. Serious violations shall result in a suspension of riding privileges without a warning being issued.
- 2nd SCR – A minimum ten (10) school day suspension of bus riding privileges.
- 3rd SCR – Termination of riding privileges for the balance of the school year.

Upon receipt of a Student Conduct Report (SCR), it is the student’s responsibility to deliver the SCR to their parent/guardian in a timely manner. The student’s parent/guardian must contact the TSD to discuss their student’s behavior before the student can resume riding the bus upon receipt of any Student Conduct Report. Suspension of riding privileges shall begin after the parent/guardian has made personal contact with the Transportation Services staff and has discussed their student’s behavior.

Nothing in the foregoing shall be construed as to limit the right of the Director of Transportation Services, his/her designee or any member of the district or school administration to invoke a suspension of transportation privileges for either a limited or extended period of time without previous warning, should the magnitude or gravity of the situation warrant such action.

Athletic or Activity Trips
The rules of conduct contained in this publication apply to all athletic or activity trips. Students riding buses on any athletic or activity trip shall observe the same conduct and are bound by the same rules and laws that are applicable to regular home to school and school to home transportation service. In addition to the rules stated previously, the following applies to all athletic and activity trips:

- Students may board the bus only when the bus driver and the teacher or staff member in charge or authorized chaperone(s) are present. Teachers, coaches and chaperones will ride the bus to and from the trip destination.
- Students who ride the bus on a trip are to return to the school aboard the bus unless a form signed by the parent/guardian has been approved prior to the trips departure by a member of the school site administration. This note must specify that the student will not be returning on the bus, to whom they will be released, and at what location. The bus driver shall be apprised of any student not returning on the bus.
- No cleats may be worn by students or staff on the bus.
- Throwing athletic or other equipment is prohibited.
- Musical instruments may be transported provided that the instrument remains in its case and can be safely contained on the students’ lap, on the seat or the floor.
- While the bus is in motion, passengers may not dress or undress on the bus.
